Dear Representatives of the European Parliament,

Don't forget War is a Racket.

and there's going to be hell to pay
for this one.

The Ukrainian state is reeling, unable to finance services its people desperately need. But billions in EU financial assistance are not free; they're loans, which [#Ukraine](#) will default on. Meanwhile there is little oversight or assurance the funds are going where they should.

Fooled into War.

"Nearly every war in the last fifty year has been the result of media lies."
 The media could stopt it, basically Population don't like war. Population are fooled into War,
 If we have a good Media Enviroment we have a good Peaceful Enviroment.

Farmers Out: Critical Food Shortages.

The Dutch #WEF Government effort to buy out a large number of farmers is aptly typified in the @ArkansasOnline.

It is also distressing to shrink production at a time when the demand for food is still going to increase very strongly. And the EU calls that socially responsible and sustainable! It's also about the timing. Now that a food crisis is imminent, you cannot close other production channels

at the same time. I understand that it has to be more sustainable in the long term, but now it seems like a very bad time. However, the strong suspicion is getting stronger and that is that the Elite is working towards Depopulation of this World, with contraceptives it has not succeeded in the 3rd world countries, now the Elite are deploying war, hunger, diseases, radiation, biological weapons and other means to reduce the World's Population. Can't prove it is true, but it's all too much obvious.

EU Corruption Scandal.

Nigel Farage: NEW update on the EU corruption scandal.
€1,500,000 in cash has now been retrieved.
4 more MEPs from the Socialist Group have now stood down.

All Persons Involved in Corruptions Must be Jailed,
including Ursula von der Leyen, because of the Corrupt &
Criminal COVID Pfizer vaccine deal.

With all these scandals and disappearance of money,
especially Dutch money... a #NEXIT is obvious.
The Dutch were Rich, but they are becoming more and more Paupers
, because we are being Stripped Naked by the EU and WEF allies.

Mary's Song.

I woke up this morning and this Bible verse popped into my head...
and I thought this warning is for the Corrupt Leaders of Europe.

"He will brought down rulers from their thrown"

Luke 1:46–55 (NIV)

⁵⁰ His mercy extends to those who fear him,
from generation to generation.

⁵¹ He has performed mighty deeds with his arm;
he has scattered those who are proud in their
inmost thoughts.

⁵² He has brought down rulers from their thrones
but has lifted up the humble.

I hope you join the humble, it's better for you in the long run and it already gives joy...

Joy to the World!

Especially for my Friend, the Brave and Peace-Loving, Fiery Irish Clare Daly, but also for everyone!

What's the story behind Joy to the World? ^

"Joy to the World" is an English Christmas carol. The carol was written in 1719 by the English minister and hymnwriter Isaac Watts, and its lyrics are **an interpretation of Psalm 98 celebrating the birth of Jesus Christ**. Today, the carol is usually sung to an 1848 arrangement by the American composer Lowell Mason.

To all readers, Merry & BlessedChristmas...

With Kind Regards & Sincerely Yours,
